

No. of Functional Features Included in the Solution

Date	28 September 2026
Team ID	SWTID-2026-3838
Project Name	LegalEase: AI-Powered Legal Document Generator
Maximum Marks	5 Marks

Functional Features Overview:

The following functional features have been implemented in the completed LegalEase AI Document Generator solution.

S.No	Feature Name	Feature Description	Module/ Component	Status	Marks Contribution
1	User Interface	Provides an interactive web interface for entering legal document requirements and viewing generated documents.	Frontend / UI	Done	1
2	Legal Document Input	Collects the required information from the user for generating a legal document.	Frontend / Backend	Done	1
3	AI-Powered Document Generation	Uses the Google Gemini API to generate legal documents from the provided requirements.	AI / API Integration	Done	1
4	Document Preview	Displays the generated legal document for the user to review.	Frontend / UI	Done	1
5	Document Storage & Retrieval	Stores document information in MongoDB and supports access to previously created documents.	Database / Storage	Done	1
6	User Authentication	Manages user account and authentication-related information.	Backend / Database	Done	1
7	Fallback Document Templates	Uses built-in document templates when the Gemini API is unavailable.	Backend / Document Generation	Done	1
8	Cloud Deployment	Deploys LegalEase as a web application accessible through a browser.	Cloud / Deployment	Done	1

No. of Functional Features Included in the Solution

Feature Summary:

Metric	Count / Value
Total Features Planned	8
Total Features Implemented	8
Core / Must-Have Features	8
Additional / Nice-to-Have Features	3
Features Tested & Verified	8

Feature Category Breakdown:

S.No	Category	Features in Category	Example Features
1	User Interface (UI)	2	User Interface, Document Preview
2	Backend/ Logic	3	Legal Document Input, User Authentication, Fallback Templates
3	Database/ Storage	1	Document Storage & Retrieval
4	API/ Integration	1	AI-Powered Document Generation using Gemini API
5	Security/ Authentication	1	Cloud Deployment
